On a separate sheet of paper please write your statement of objectives:

Please use the following guidelines for preparing your Statement of Objectives. This statement is very important so we encourage you to write it carefully. We seek a statement of one to two pages (approximately 400 to 1000 words) explaining the reasons for wanting to do graduate work at the Masdar Institute of Science and Technology.

The statement should describe:

- How you think about the world and your professional objectives
- The issues or problems you want to address during your studies at the Masdar Institute and the setting in which you eventually see yourself working professionally
- How your previous studies and work experience (if any) relates to what you propose to do at the Masdar Institute
- Why you are applying to the Masdar Institute and the specific program
- Other matters you think are important for us to know

I certify that all the above information is true and that my admission (if accepted) into the Institute is conditional subject to submission and verification of the above documents prior to registration. I understand that admission into the Institute is subject to all relevant immigration laws and requirements of the United Arab Emirates in securing a valid visa.

Notes:

- For application, any copies of documents (e.g., transcripts) submitted do not have to be original or certified true as yet. If you are accepted, it will be conditional subject to submission and verification of all necessary documents by the first day of classes.
- Incomplete applications will **not** be processed.
